## New Sidwalk Work Started

The committee who has charge of the building of the walk to the cemetery has made arrangements with N. L. Moen for the building of the walk at the rate of twenty-five cents per foot. The agreement calls for a walk with a six foot surface, ditched on the upper side for drainage.

The committee has on hand, \$175.00, which will build 700 feet of walk. While 700 feet lacks much of completing the walk, the committee has several plans for raising more funds, which will be published later when they are perfected.

## Prof. Waldron Hands In Resignation

Prof. F. J. Waldron, Superintendent of Indian School Service, for the Southeastern Division of Alaska, has handed in his resignation to the Educational Department to take effect on June 30th.

Prof. Waldron will probably move to the State of California to take up the practice of law, having recently been admitted to the bar at Juneau.—Haines Press.

## Conference At Ketchikan

Bishop Rowe has called a conference to meet at Ketchikan some time during the week beginning June 20. Rev. Corser of St. Philip's church is to be one of the speakers.

Miss Smart, of Ketchikan, who has for some time had the school work connected with St. John's church of Ketchikan, will be consecrated as a Deaconess.

## New Yukon Governor

Mr. Arthur Wilson, a former citizen of Nanaimo, has been appointed commissioner to the Yukon territory in succession to Mr. Alexander Henderson.

Its "The Bee Line to Health" Digest Malt Extract.—Shurick Drug Co.

## Leg Broken By Fall

Charlie Bryant Suffers Broken Leg  
Result of Fall from Building

Last Thursday, while working on J. G. Grant's new building on Front Street, Charlie Bryant stepped down from a low staging onto the end of a loose sidewalk plank and fell to the rocks on the beach, about ten feet below, striking on the point of a boulder and breaking his leg close to the hip.

The injured man was taken to his home by his fellow workmen and Dr. Dawes was called in to set the broken limb.

At the present time, the break is mending nicely and a speedy recovery is expected.

## A Glorious Fourth

Celebrate In Wrangell

Never has the prospects been better for a Glorious Fourth than they are for the present year. Wrangell is preparing for a celebration that will outclass all other attempts. When the 135th anniversary of our Independence rolls round on July 4, 1911, Wrangell will be prepared to give its guests some first-class entertainments.

The Kate Brass Band of forty pieces has been engaged and the Shakan band will be here too if it can be gotten together.

The launch race will be thrilling. There are several new boats in the field to try and run away from old champions, and with the fat cash prizes that the committee on general arrangements are collecting.

The athletic games will be hotly contested.

The Boy Scouts have all received brand-new spick-and-span uniforms and will give a dress parade.

The Firemen's hose-cart race promises to be a record-breaker. The Foreman of the Company and his second assistant has chosen two teams that will compete for a cash prize and a finely engraved trumpet, which will remain the property of the winning team.

Several people have already declared their intentions to be one of the many Horribles and Grotesques that will make one of the funniest parades ever witnessed in Southeast Alaska.

A general good time is seldom passed up up an average American and a good time is yours for the coming.

## Decide In October

The question of the right of Alaska natives to purchase from whites intoxicating liquors has

been presented to the appellate court of San Francisco, and an opinion is expected from the circuit court of appeals next October.

The question comes before the court on an appeal prepared by Attorney Arctander, of Ketchikan, in the case of Tom Nagle, convicted of selling liquor to a Wrangell Indian who lived the life of a white man, having no tribal relation. The appeal is taken on the ground that the natives of Alaska became citizens under the treaty with Russia, at the time Alaska was purchased. United States Attorney Rustgart, of Juneau, argued the appeal before the appellate court.—Dispatch.

## Summer School

During the summer, Miss Pritchett will conduct a class in Primary and Kindergarten work at the school building.

A class in Painting and Drawing open to all grades will be organized. Lessons will be given twice a week. For prices, see Miss Pritchett.

## Sailing of the "Spokane"

The excursion steamer "Spokane" is scheduled to sail from Seattle on June 28, July 12-26 and August 9. From Skagway, June 21, July 5-19, August 2 and 16.

On her northern trip she is scheduled to stop at Victoria, Ketchikan and Skagway. Going South: Haines, Juneau, Wrangell and Ketchikan.

## States Briefs

On June 12th, the Senate voted for a direct election of Senators. The vote was 45 to 44, the Vice President casting the deciding vote.

Tomorrow, 15,000 men, carrying Bibles, will parade the streets of San Francisco, in the International Sunday School Convention parade.

One house in Oregon has been the scene of 115 weddings.

St. Louis' manufacturing district was swept by a million-dollar fire last Thursday.

## Socialism

Those who listened to Geo. Goebel last Monday night in Red Men's Hall, must have been impressed with the fact that Socialism is more sane and sane than it was formerly. There is not so much of the wild eyed howling red in it.

One could not but be impressed with the intense sincerity of the speaker. He felt the present social evils and was bent in rectifying them.

In his address he distinguished between anarchism, socialism and communism.

Anarchism is a government without law. It would let every one do as they pleased, following the "good".

Communism is a dividing up of property. Communism is bad, he said, because it would reward the lazy at the expense of the industrious.

Socialism lays between the two. Its plans, he said, was government ownership for all public utilities, and also public ownership of all the trusts. The speaker was also careful to say that the private ownership of a home, etc., was not to be interfered with. In the main we might say this program is not far from the plans advocated by some of the most progressive minds of today who are not claimed by the socialists as socialists.

A prominent member of congress has said that the prices of trust produced articles should be regulated by the government even as railroads rates are controlled. No less a man than President Gary,

of the steel trust, has adopted a similar platform.

The great criticism of socialism today is its idea that all wrong, all evil is due to wrong material social conditions and that righting these material social wrongs, will make everything right. Its program promises to much. Never theless what it promises should be the desire of every person.

That poverty can be abolished is more than the poets dream. It is something that every patriot should expect to see accomplished, and strive for, and every true citizen should be satisfied with nothing less.

## A Hospital For Wrangell

Shall Wrangell have a hospital? Yes by all means.

It means business. It means common humanity. The question is to start. What is every ones business is often no ones business.

Everyone is beginning to see the need of it, and now is the time to strike for it. Let there be quick action before the interest begins to wane.

Mr. Barbee, the popular cattle operator, held the winning number in the raffle of Ed Weber's lot, and within fifteen minutes after the raffling of the lot, he sold it for \$100.00 to J. G. Grant.

Miss Margaret Bronson, a recent graduate of Miss Horton's School, Oakland, California, and Fredrick Bronson, student at Lincoln High School, Portland, Oregon, are home to spend the summer months.

## St. Philips Church

At St. Philips church Sunday evening the theme will be "Morally Strong, or Morally Flabby, Which?"

The Department of Commerce and Labor, Lighthouse Service, are desirous of hiring a launch and crew for approximately forty days work in the Wrangell Straits. I. E. Worden has several blank proposals. Get busy launchmen.

## Correspondence

NOTE—Under this head, the Sentinel will be pleased to publish communications of interest, but none will be accepted unless it has the signature of the writer (which will not be published if so requested) and the editor reserves the right to reject objectionable matter.
